FIJI PARADISE

Fiji's hundreds of islands are an aquatic constellation scattered in a bright blue sea. The Beach Villas at Nanuku boasts the perfect location on Viti Levu, the main --and the most accessible-- island.

Your playground is the Coral Coast in Pacific Harbour, Fiji's adventure capital. Escape with family or friends and indulge in the luxury and tranquility of this world class resort in one of the most exotic and culturally rich destinations.

It won't take long for you to feel the "Bula", as the Fijians are the most genuinely friendly people you will encounter on your travels.
